

Affordable luxury Domes in India

About Infinite Domes

It is a secure luxury tent, in the shape of a dome. It is secure as it has a zipper on the entrance, so one can protect oneself from the harsh weather and also from wild side of the jungle in case one is camping in the forest. It is easy to set up and groups of people can be accommodated inside it.

**What all the places domes
can be used?**

Resorts Domes

A geodesic dome structure is situated in a forest. The dome is white with a metal frame and is elevated on a wooden platform. Inside the dome, a man and a woman are sitting at a table, drinking wine. In the foreground, a wooden hot tub is filled with water, and a wood-burning stove is visible, with a fire burning inside. The stove is connected to a tall metal chimney pipe that goes up the side of a large tree. The background is filled with tall pine trees and a clear sky.

If you are looking to build a resort or to add on a extra attraction to existing resort you can blindly go for dome installation.

Eco Resort Domes

A geodesic dome structure, likely made of fabric and metal poles, is situated in a lush green forest. The dome is white and has a circular opening on its side. The background is filled with dense green trees and foliage under a clear blue sky.

Ecotourism is defined as “the responsible travel to natural areas which conserves the environment, sustains the well-being of the local people, and involves interpretation and education.”

Camping in Glamping Tents

If you're unfamiliar with the term tent glamping, it implies glamorous camping. This growing trend appeals to those seeking responsible ecological stewardship while enjoying the comfort and tranquility...

Construction Areas

A geodesic dome is under construction in a mountainous landscape. The dome's metal frame is visible through a large opening in the white fabric covering. A silver chimney pipe extends from the top of the dome. The background features rugged mountains with patches of snow and a clear sky. A tall, thin pole stands in the middle ground. The foreground is a rocky, grassy slope.

A long Construction time can be spent in a beautiful way if a person planning a dome in the construction site.

FARM STAY DOMES

If you are looking to build a Personal farm stay or a resort site then dome tents add an extra attraction to your land

Projection Domes

Projection Domes are architectural wonders that bring your virtual reality dreams to life through full dome projection. Your audience is thoroughly immersed in elegantly projected images, powered by the latest technological advances and synchronized projectors.
